The purpose of this notice is to advise the public that, if no solution is agreed upon in consultations with the Government of Honduras and the Government of Jamaica, the Committee for the Implementation of Textile Agreements may later establish a limit for the entry and withdrawal from warehouse for consumption of cotton and man-made fiber textile products in Categories 351/651, produced or manufactured in Honduras and Jamaica and exported during the twelve-month period which began on March 27, 1995 and extends through March 26, 1996, at a level of not less than 157,990 dozen, in the case of Honduras, and a level of not less than 453,082 dozen, in the case of Jamaica.

#### **Statement of Serious Damage**

##### **Cotton and Manmade Fiber Pajamas and Other Nightwear—Category 351/651**

The sharp and substantial increase in imports of cotton and manmade fiber pajamas and other nightwear, Category 351/651, is causing serious damage to the U.S. industry producing cotton and manmade fiber pajamas and other nightwear.

Category 351/651 imports surged from 9,347,000 dozen in 1992 to 10,832,000 dozen in 1993, a 16 percent increase. Cotton and manmade fiber pajamas and other nightwear imports, Category 351/651, continued to increase in 1994, reaching 11,406,000 dozen, 5 percent above the 1993 level and 22 percent above the 1992 level.

Serious damage to the domestic industry resulting from the sharp and substantial increase in imports of cotton and manmade fiber pajamas and other nightwear is attributed to imports from Jamaica and Honduras<sup>1</sup>. In both cases surging imports and low priced goods have resulted in loss of domestic output, market share, investment, employment, man-hours worked, and total annual wages.

Total imports from these two countries increased from 193,948 dozen in 1992 to 611,072 dozen in 1994, a sharp and substantial increase of 215 percent. Their imports nearly doubled in 1994 over their 1993 level. Together their 1992 imports were 2.0 percent of total Category 351/651 imports. Their share of total Category imports increased to 5.4 percent in 1994. Their 1994 imports were 5.9 percent of total U.S. production of cotton and manmade fiber pajamas and other nightwear in the year ending September 1994.
